

Ethical Use of Artificial Intelligence (AI) Checklist

Course Name and Code:

Name of Assignment:

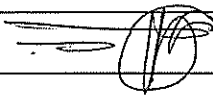

Student Name and ID Number:

Instructions: For each item, select Yes, No, or N/A. If requested, submit the completed form.

	YES	NO	N/A
To my knowledge, I have disclosed all AI tools used in this assignment.			<input checked="" type="checkbox"/>
I have critically evaluated all AI-generated content.			<input checked="" type="checkbox"/>
I have substantially modified and improved any AI-generated text			<input checked="" type="checkbox"/>
I have fact-checked and verified key information provided by AI			<input checked="" type="checkbox"/>
I have properly cited any AI-generated content used.			<input checked="" type="checkbox"/>
My OWN ideas and analysis form the core of this work.		<input checked="" type="checkbox"/>	
I have reflected on how AI has influenced my thinking on this topic.			<input checked="" type="checkbox"/>
I can explain and defend all parts of my work, including those where I used AI assistance.		<input checked="" type="checkbox"/>	
I have complied with all the university's (faculty's and department's) policies and guidelines regarding academic integrity, academic dishonesty, plagiarism and AI usage.		<input checked="" type="checkbox"/>	
I understand that this work will be evaluated based on my own critical thinking and original contributions.		<input checked="" type="checkbox"/>	

Reflect on your research/writing process (revising, paraphrasing/editing) with regard to the areas in which AI played a significant role. Explain how. (If necessary, you may add a page.)

In my research and writing process, I rely on traditional methods and tools to ensure the quality and originality of my work.
